## Energy Saving Integrated Seamless Fluorescent Lamp with Holder

### Product Advantage

This integrated lighting fixture comprises of effective energy saving electronic ballast + lamp holder + T5 effective seamless fluorescent lamp. After installing the seamless lamp, continuous bands of glamorous light will be created. As high quality ballast is installed, the product has long lifetime, high efficiency, high stability and environmental friendliness.

This product can be used at homes, in high-class specialty shops, hotels or offices.

### Product Characteristics

- Long lifetime (about 12000 hrs)
- Color Rendering Index reaching 88
- High Power Factor, over 95%
- Wide voltage range 160Vac~260Vac, Wide working temperature Range -15~50°C. This product can work stably.
- No noise. No flicker, soft light, can protect eyesight
- Restart feature. Fluorescent lamp can be installed and automatically switched on when power source is on.

### Product Specification

Model	Voltage Range	Power	Input Current (mA)	Size (L*W*H)
BZ-IT5081-A01	160V-260V	8W	30	304*23*37
BZ-IT5141-A07	160V-260V	14W	60	563*23*37
BZ-IT5181-A01	160V-260V	18W	85	723*23*37
BZ-IT5211-A02	160V-260V	21W	100	863*23*37
BZ-IT5241-A01	160V-260V	24W	115	1013*23*37
BZ-IT5281-A06	160V-260V	28W	130	1163*23*37

### Structure Characteristics

This integrated lighting fixture comprises of efficient energy saving electronic ballast + lamp holder + T5 efficient seamless fluorescent lamp. Pure light zone without dark area is created. Integrated non-rusty aluminum is used with high quality structure and design. This product can be installed even in small area.
